THE SCHOOL OF LAW

HISTORICAL STATEMENT

Fordham University, New York, began as St. John's College. It was founded by Archbishop Hughes upon the old Rose Hill farm at Fordham, and formally opened on St. John the Baptist's Day, June 24, 1841. On April 10, 1846, an act of incorporation was passed by the Legislature of the State of New York, which granted it power to "confer such honors, degrees or diplomas as are usually granted by any university, college or seminary of learning in the United States."

On June 21, 1904, with the consent of the Regents of the University of the State of New York, the Board of Trustees authorized the opening of the School of Law, the first classes in which were held in the fall of 1905.

LOCATION AND EQUIPMENT

The School occupies the entire twenty-eighth floor and part of the twenty-seventh floor of the Woolworth Building, in the midst of the downtown office district, in the vicinity of the Federal and State courts, and within a short walk of the Brooklyn Bridge, the subways and the elevated lines, the New Jersey ferries and the Hudson Tunnels.

The School quarters include five classrooms, a Practice Court room, recreation and coatrooms, the Law Library, and the offices of the Faculty, administrative officials of the School and the Law Review.

PURPOSE OF THE SCHOOL AND SYSTEM OF INSTRUCTION

The design of the School is to afford a practical and scientific education in the principles of

General Jurisprudence.

The Common and Statute Law of the United States.

The System of Equity Jurisprudence.

Pleading and Civil Procedure at Common Law and under the Practice Acts of New York and New Jersey.

The course for the degree of Bachelor of Laws covers three academic years in the day division and four academic years in the evening division.

The case system of study is used, carefully selected collections of cases being employed as the basis of instruction. The teacher and the students discuss the assigned materials critically and comparatively, both with respect to the facts and decisions reached and the rules and principles of the law involved. Thus the students are trained in legal analysis and accurate reasoning, while at the same time they are acquiring familiarity with the principles of law and their development, through the use of the actual decisions of the courts.

Although the School recognizes the fact that a grasp of the broad

principles of common law is essential for the well-equipped lawyer, and aims to train its students so that they may be qualified to practice law in any common law jurisdiction, care is taken throughout the course to indicate in every subject the existing law of New York. Particular attention is called to the following courses which have special bearing on the New York law:

1. **COMMON LAW AND CODE PLEADING.**—In this course the principles of common law and code pleading are taught, and the chief similarities and differences between common law pleading and code pleading (which is in force in New York) are explained.

2. **NEW YORK CIVIL PRACTICE.**—This course presents a thorough groundwork in the rationale of practice and procedure and embraces a comprehensive study of the New York Civil Practice Act, rules of Civil Practice, and related procedure statutes and decisions.

A comprehensive course in Analytical Jurisprudence is conducted which gives due consideration to the ethical and historical aspects of the problems with which the philosophy of the law is concerned.

It is believed that the courses of the School are so arranged as to unite a sound training in the fundamental principles of the law with a training in the practical application of these principles to actual legal work.

A course in New Jersey Practice is given in the last year. This course may be substituted for the New York Practice course by senior students; and, by arrangement with the Registrar, all students may take this course specially, provided there be no conflict with other courses.

REQUIREMENTS FOR ADMISSION

The School of Law is open to men and women. Applicants for degrees must be at least eighteen years of age upon entering the first year class, must be of good moral character and must present:

1. A certificate of graduation from a University or College approved by the Board of Regents of the University of the State of New York, together with a full transcript of the scholastic record of the applicant; or,

2. A transcript of record showing successful completion of at least two years of college work in a college or university of standing satisfactory to the School of Law, and proof of having obtained a law student qualifying certificate as required by the University of the State of New York and the Rules of the Court of Appeals.

Where the applicant at the time of forwarding his transcript has not completed all of the college work on which he seeks admission a transcript of record to the end of his last completed term may be furnished and the transcript for the term which he is then attending is to be transmitted immediately after his completion of the work thereof.

Applicants for admission will be accepted on the basis of their presumptive fitness to pursue the study of law with success as dis-

closed by their college records, and on the information as to character and fitness contained in the statement required to be filed by all applicants, as well as from such other data as may be available or required.

Any applicant who has attended any other law school and who either has been required to withdraw therefrom or who is ineligible to continue in regular course therein by reason of deficiency in scholarship, will not be admitted to this School.

It should be noted that the University of the State of New York requires certification to it, on its own forms, of completed high school and college work before its law student qualifying certificate will be issued. Applicants are advised, therefore, to obtain such forms as soon as possible from the Examinations and Inspections Division, State Education Department, Albany, New York, to have same filled out promptly by the educational institution or institutions in which the applicant pursued his preliminary studies and returned to the same department, to secure said certificate. Otherwise serious delay in obtaining the necessary credentials may ensue. As provided in the Rules of the Court of Appeals, of the State of New York, completion of two full years of college study or the equivalent thereof, in addition to graduation from an approved high school, is necessary for the procurement of the law student certificate.

ADVANCED STANDING

An applicant who has satisfied all of the entrance requirements for regular first year students, and in addition has completed successfully one or more years of law study in a law school maintaining standards satisfactory to this School and duly registered by the University of the State of New York, and who is eligible to return thereto in regular course, may be admitted to advanced standing. The amount of credit which will be given in such a case will depend upon the standards of the school and the quantitative and qualitative record of the student therein. Generally, advanced standing will not be granted beyond the second year in the day course or the third year in the evening course.

NON-MATRICULATED AND SPECIAL STUDENTS

A limited number of persons, having a law student qualifying certificate, issued by the University of the State of New York, but not otherwise qualified for admission as hereinabove set forth, will be accepted as special students, not candidates for a degree, on presenting such evidence as the School may require of their fitness to study law. Generally, such students must be qualified by reason of age and other experience so as not to impede the work of the class. The admission of such students, however, is not encouraged.

The attention of applicants under this classification, who intend to seek admission to the Bar of New York, is called to Rule IV of the Rules of the Court of Appeals for the Admission of Attorneys,

which provides that applicants for admission to the bar, who have not received the degree of an accredited law school, must have pursued the study of law for four years as prescribed in said rules.

Arrangements may be made also by students who desire to pursue specially one or more courses at regular lecture hours.

STUDIES REQUIRED FOR DEGREE

The required course for the degree of Bachelor of Laws in the day division of the School extends over three academic years, in all of which at least twelve periods of classroom instruction per week are required. Students entering this division are expected to be able to devote substantially all of their working time to law study. The required course for the degree of Bachelor of Laws in the evening division of the School extends over four academic years. For the first two years at least eight periods of classroom instruction per week are required, and for the last two years at least ten periods of classroom instruction per week are required.

The work of the four years in the evening course thus equals that required in the three years of the day course. The class schedules in the evening course are so arranged that the student is not required to attend classes in excess of four evenings every week.

Every candidate for the degree of Bachelor of Laws will be required to take all of the courses prescribed in the curriculum in the First and Second Years. In the Third Year of the day division and the Third and Fourth Years of the evening division part of the courses are prescribed and part are elective. A sufficient number of the latter courses including at least one of the Practice courses must be elected by the student to make up with the prescribed courses the minimum number of hours required for each year.

A student upon making the necessary arrangements with the Registrar's Office also may take at least one additional elective course per semester, provided there be no conflict with other courses elected or prescribed.

The School will conduct a summer term of fourteen weeks in all classes. The required number of weekly periods of classroom instruction will be fourteen in the day division, ten in the First and Second Years of the evening division and twelve in the Third and Fourth Years thereof. The increased attendance required will enable completion of the same amount of law study in the shorter summer term as in a regular winter or spring term.

REGISTRATION

Applicants for admission to the School must appear in person at the office of the Registrar in the Woolworth Building to fill out the necessary statement and application on the School form and to file the required credentials. Where an applicant resides outside the metropolitan district or is absent therefrom in attendance at college the Registrar will mail a copy of the form on request.

The Registrar will receive applications for the summer term from April 1st, 1943 to the opening of classes on June 14th, 1943, and for the fall term from June 14th to the opening of classes in September. Applicants seeking to matriculate on February 7th, 1944 may make application for admission on and after December 1st, 1943.

As the School limits the number in every session and as time is required for consideration of the application as well as usually to procure the necessary credentials and records, early application for admission is desirable.

Students will not be registered under abbreviated or colloquial forms of recognized names. The registered name of the student will be entered on all certificates and degrees of the School, except in case of obvious error, or where the student shall have filed with the School a duly certified copy of an order of a court of competent jurisdiction permitting a change of name, and proof, satisfactory to the School, of compliance with the terms, if any, of such order.

All students already enrolled in the School must register personally at the Registrar's office prior to the commencement of the school year. Students eligible to enter the third and fourth year classes must appear for this purpose on the second Thursday preceding the opening of classes between 9 a.m. and 5 p.m. Students eligible to enter the second year class must appear for this purpose on the second Friday preceding the opening of classes between the same hours.

Any student who fails to appear as above required will not be admitted to classes without the special permission of the Dean.

DISCIPLINE

The admission, continuance upon the rolls, and graduation of every student is subject always to the full disciplinary power of the School of Law. Furthermore, since a student may be or become undesirable without being subject to disciplinary action, the School reserves the right to require any student to withdraw at any time without cause, and without assigning any reason for such action. In such case an honorable dismissal will be given and a rebate of any tuition fee paid will be made pro rata for the unexpired term.

EXAMINATIONS AND GRADES

Written examinations are held at the end of every term in all subjects completed therein and as essential parts thereof. Classroom work, so far as practicable, is also a determinant of general standing.

Examinations for all classes will begin at 4 p.m. every day during the examination periods except on Saturdays when they will begin at 2 p.m.

Excessive absences from lectures will bar the student from examination.

Students must present themselves for examination at the examination held immediately upon completion of every subject unless

excused by the Dean. Omission to do so will constitute a failure of such examination by the student.

The standing of students will be indicated by the letters A, B, C, D, and F, signifying Excellent, Good, Fair, Poor and Failure respectively. A paper of exceptional merit will be marked A+.

A grade of D or better constitutes a passing mark in any subject.

To continue in good scholastic standing, however, a student must maintain a weighted average grade of at least C in every scholastic year. Any student who fails to do so will not be permitted to continue in the School or to be a candidate for a degree.

In case a student is permitted to defer an examination, he must take the next examination given in the subject. In the meantime, if on the examinations taken by him his weighted average is at least C, he may be allowed to continue conditionally in the School, subject to his maintaining at least said weighted average grade when the deferred examination is taken. If on the examinations taken by him his weighted average grade is less than C, he will be excluded from the School unless and until on taking the deferred examination his weighted average grade is brought up to at least C.

Failed or omitted examinations aggregating in year hour value more than one quarter of the required work of any year, will constitute a failed year irrespective of the weighted average grade obtained by the student. In such case the student will not be permitted to take any re-examination in the failed subjects or to continue in the School or to be a candidate for degree.

Failed or omitted examinations aggregating in year hour value not more than one quarter of the required work of any year may be retaken at the next regular examinations only, except in the case of subjects in the final year of the course in which conditioned examinations are held on the five days immediately following Labor Day. If again failed or omitted, the student will be required to repeat the subject.

Any student who fails to pass or omits to take the first examination offered in a course required to be repeated as aforesaid will not be allowed to take any further examination therein, or to continue in the School or to be a candidate for degree.

Where the content of a course, in which a student has a failed or deferred examination to take, has changed prior to giving the examination which the student takes therein, the student will be required to prepare himself on the altered content of the course. Should the course be omitted so that no examination is given thereafter in the same, the student may be required to take an additional course and to pass an examination therein in lieu of the omitted course.

No day student will be permitted to enter the third year class with any failed first year course outstanding against him; no evening student will be permitted to enter the fourth year class with any failed first or second year course outstanding against him.

LAW LIBRARY

The library is located on the twenty-seventh floor, adjacent to the offices of the Law Review, and immediately under the remainder of the School quarters which occupy all of the twenty-eighth floor. It fronts on Broadway and Barelay Street. It has steady natural light by day, and a modern system of shaded artificial light for evening work.

The location of the space facing east and south, with an unbroken view for many miles, and with quiet assured by its height above the street, and its complete separation from classrooms and recreation rooms, contributes to its attractiveness.

The library contains over twenty-four thousand volumes. In it will be found an adequate collection of American and English Reports, including the full National Reporter System, the state reports antecedent thereto in most of the states of the union, and the statutes of substantially all of the several states. In addition there is available an extensive collection of text-books, treatises, and the standard encyclopedias and digests, so that the student has at his command a good working library.

The library is open on week-days throughout the School year to students of the School of Law and its alumni, from 9.00 a.m. to 11.00 p.m. except on Saturdays when it is open from 9.00 a.m. to 6.00 p.m.

A course of lectures on the use of law books and research work in law is conducted by a member of the faculty, the aim of which is to give the students correct methods in legal research and practice in applying the same to the solution of legal problems.

LAW CLUBS

The law clubs are voluntary organizations of students, functioning under a faculty director. They aim to give the members experience in the preparation of pleadings, cases and briefs for trial, the trial of cases, argument of appeals and some practice in the preparation of legal documents such as contracts, conveyances and wills. An endeavor is made to interest the first year students in the work, which is organized in groups in every year shortly after the beginning of the scholastic year and continues thereafter through both semesters.

THE LAW REVIEW

THE FORDHAM LAW REVIEW is published three times during the school year in January, May and November, by a board of student editors chosen principally on the basis of their scholarship. Every issue contains articles on legal subjects by members of the bar or law teachers, notes on recent decisions and legislation prepared by the board of student editors or occasionally by a member of the School and reviews of recent books dealing with legal subjects. The publication of the review and its use in various courses is considered a part of the general educational program of the School.

THE CHAPIN PRIZE. A prize consisting of the income of the sum of two thousand dollars (\$2,000), established by the will of Mrs. Mary Knox Chapin, widow of Professor H. Gerald Chapin, who for many years and until his death was a member of the faculty of the School, is awarded annually to that graduate of the School who has attained the highest average in his studies throughout the full course at the School. The prize will be awarded every June to the graduate who in the preceding twelve months' period attained the highest weighted average as aforesaid.

CLASS OF 1911 PRIZE. The Class of 1911, on the occasion of its Silver Jubilee, established a prize consisting of the yearly income of the sum of \$1,500, to be awarded annually for the best essay submitted by a student in the senior class of the Law School on a legal subject to be designated annually by the Dean. This prize likewise will be awarded annually in June for the best essay on the assigned subject in the preceding twelve months' period. In the event that in any year no essay submitted is deemed worthy of the award, the income of the fund for that year will be devoted to the purchase of books for the law library.

ADMISSION TO THE NEW YORK BAR

Graduates of the School who are citizens of the United States, over twenty-one years of age and who are and for not less than six months immediately preceding the examination have been actual residents of the State of New York, are eligible at once to take the examination for admission to the bar of New York.

Under the amended rules of the Court of Appeals of New York, effective November 16, 1939, candidates passing the bar examination are eligible for admission to practice upon satisfying the requirements of the Committee on Character and Fitness in the judicial department having jurisdiction of the candidate's application for admission.

COMMENCEMENT

The Annual Commencement of the School of Law will be held at Fordham on Wednesday, June 14, 1944.

ACADEMIC YEAR

The academic year will be divided into three terms, Summer, Fall, and Spring. The Summer term will begin on Monday, June 14, 1943, and end on Saturday, September 18, 1943. The Fall term will begin on Monday, September 27, 1943 and end on Saturday, January 29, 1944. The Spring term will begin on Monday, February 7, 1944, and end on Saturday, May 27, 1944. Classes will not be held on any legal holiday, the Friday and Saturday following Thanksgiving Day, the Feast of the Assumption, All Saints Day, The Feast of the Immaculate Conception, and Ascension Day.

The Christmas recess will begin after the close of lectures on Thursday, December 23, 1943, and classes will be resumed on Monday, January 3, 1944; the Easter recess will begin after the close of lectures on Wednesday, April 6, 1944, and classes will be resumed on Tuesday, April 11, 1944.

FEEES

The following fees are payable:

Matriculation fee	\$10.00
Due upon acceptance of application for registration.	
University fee	\$12.00
Due at the beginning of the first term of every scholastic year.	
Tuition fee for every scholastic year (two terms) in all classes of the day division	\$300.00
Tuition fee for every scholastic year (two terms) in the First and Second Year classes in the evening division	\$200.00
Tuition fee for every scholastic year (two terms) in the Third and Fourth Year classes in the evening division	\$250.00

For students entering the School, one-quarter of the amount is due upon acceptance of application and one-quarter upon the first day of the term at which the student begins his attendance. For all other students, one-half of the tuition is due at the opening of each term of a student's scholastic year.

Graduation fee	\$20.00
Due at beginning of final examinations.	
Conditioned examination fee	\$10.00
Due before taking any failed or omitted examination.	

The right is reserved by the School to alter the above schedule of fees at any time without notice.

No degree is granted or certificate of attendance issued to any student who has not paid all fees due from him to the School.

No student who is in default more than two weeks in the payment of any fee will be permitted to attend lectures or to take any examination during the continuance of such default.

No fee paid or any portion thereof is returnable as a matter of right upon the withdrawal of a student from the School. Where illness, physical disability, or other extraordinary circumstance requires a student to leave, he may file with the School a written statement of the causes of such withdrawal. Thereupon, provided such statement be filed promptly and within the then current scholastic year, the School will take under consideration the equities of the case. In no event, however, will any fee paid on acceptance of application for registration be returned or credited, nor will any refund of a fee be made for a fraction of any quarter of the School year during any portion of which the student was in attendance, except that in the

case of a student's entry into the armed forces of the United States during the term tuition paid in advance will be refunded on application in writing on a pro rata basis as of the date of necessary withdrawal from classes by reason of such entry.

LIVING ACCOMMODATIONS

The School does not maintain a boarding department, but information as to where board and rooms can be obtained will be furnished on application.

HOURS OF INSTRUCTION

In the day division of the School classes will be held in the morning of every weekday except Saturday commencing at 9:30 o'clock. On Saturday classes in the elective subjects scheduled on that day will be held commencing either at 10:00 o'clock or 11:00 o'clock.

In the evening division classes will be held in the evening of every weekday except Wednesday and Saturday commencing at 6:00 o'clock, except during the summer term. In that term classes will be held on every evening from Monday to Thursday inclusive commencing at 5:30 o'clock. On Saturday classes in elective subjects scheduled on that day will be held in the morning commencing either at 10:00 o'clock or 11:00 o'clock.

The School reserves the right to change the hours of classes at any time in the discretion of the Faculty.

The order of lectures may be obtained from the schedule published at the beginning of each term.

STANDARDS OF LEGAL EDUCATION

The Council on Legal Education and Admissions to the Bar of the American Bar Association requests that attention be called to the standards of the American Bar Association adopted by it in 1921 with the recommendation that they be adopted by all the states. These standards in substance provide that every candidate for admission to the bar in addition to taking a bar examination, shall be required to give evidence of graduation from a law school which shall require completion of at least two full years of college study as a condition of admission, and three years of law study for full-time students and an equivalently longer period for part-time students, which shall have adequate library facilities and a sufficient number of teachers devoting all of their time to the school to insure actual personal acquaintance with and influence on the whole student body, and which, moreover, shall not be operated as a commercial enterprise.

This School is a member of the Association of American Law Schools which prescribes similar standards for its members and is on the approved list of the Section on Legal Education and Admissions to the Bar of the American Bar Association.
